QUICK GUIDE

# DAREVIE VENTED CYCLING CAP

Light polyester mesh cap with a sweatband and a 2-position peak, worn under a bike helmet or on its own. Wearing, peak position and care.

**REF. DAREVCASGREY1** · 2-POSITION PEAK, ELASTIC BAND · 100 % POLYESTER, MESH

## What it does

4-panel cut in breathable mesh, no rigid fastening: the profile stays thin under a helmet.

## Wearing the cap

1. **Put the cap on** peak at the front: the rear elastic band adjusts to your head, nothing to set.
2. **Sit the sweatband on your forehead** above the eyebrows: it holds back sweat and raindrops before they reach your eyes.
3. **Set the peak** down against sun and light rain spray, up to clear your view.
4. **Put your helmet on top** then readjust its dial and chin strap: the cap adds a layer.

## Care

- Gentle wash, with similar colours, no harsh bleaching products.
- Air dry. No tumble dryer: it damages the elastic and the shape.

## If something goes wrong

| SYMPTOM | LIKELY CAUSE | FIX |
|---|---|---|
| Helmet feels tight | The cap adds a layer | Loosen the helmet dial, then adjust it again |
| Peak blocks your view | Peak down, leaning forward on the bike | Flip the peak up |
| Drops in your eyes | Sweatband too high on the forehead | Lower it to just above the eyebrows |
| Cap out of shape, elastic slack | Tumble dryer or harsh washing | From now on: gentle wash, air dry |

## Specifications

| | | | |
|---|---|---|---|
| Material | **Polyester** | Fabric | **Mesh** |
| Panels | **4** | Fit | **Elastic** |
| Peak | **2 positions** | Sweatband | **All-round** |
| Colour | **Grey, white** | Contents | **1 cap** |

*Rear elastic band: fits with no adjustment.*

**ON THE BIKE**

- The cap gives no protection in a fall: ride with a helmet.
- With the helmet on top, check it stays stable and properly adjusted.
- Peak down, keep the road in view.
